ADRIAN WZOREK

Junior Software Engineer | React · TypeScript · Next.js

Olsztyn, Poland | GitHub: github.com/Aszlaczek | LinkedIn: adrianwzorek | Website: aszlaczek.github.io/website/

Email: awzorek23@gmail.com | Phone: +48 786 146 500

PROFILE

Computer Science graduate building web applications with React, TypeScript and Next.js. Hands-on IT support and experience deploying software used at work. I use Codex and Claude Code for task planning and project structure, then review generated code and validate changes.

PROJECTS

COUNTER | React · TypeScript · Vite · Zustand

Designed and deployed a browser tool to convert employees' time from minutes to hours, manage entries and export XLSX reports; according to the previous CV, used by two office staff members. Code: github.com/Aszlaczek/Counter Demo: counter-psi-blush.vercel.app

GYM PROGRESS PLATFORM | Next.js · TypeScript · Supabase/PostgreSQL · RLS · Recharts

Designed a data model and implemented 21 RLS policies for shared plans and private user data; delivered training history, charts, email confirmation and account management. Code: github.com/Aszlaczek/work-out Demo: work-out-theta.vercel.app

FUNCTION CALCULATOR | React · TypeScript · Vitest · React Router

Built a tokenizer and recursive-descent expression parser producing an AST without eval for calculations and plotting; added keyboard support and ARIA labels. Code: github.com/Aszlaczek/calculator Demo: calculator-five-vert-80.vercel.app/

EXPERIENCE

IT Specialist / IT Support - District Office in Lidzbark Warmiński | Sep 2025–Sep 2026

Supported users and administered IT systems and infrastructure across the office and subordinate units. Identified workflow inefficiencies and delivered the Counter tool.

Website Administrator - homideko.pl | Jun 2024–Nov 2024

Updated and restructured a PrestaShop website. Structured the website to raise website traffic by 25%.

TECHNICAL SKILLS

Frontend: TypeScript, JavaScript, React, Next.js, HTML, CSS, Tailwind CSS

Backend/data: Node.js, Supabase, PostgreSQL, authentication, RLS

Tools: Git, GitHub, Vite, Vitest, Recharts, Vercel, Excel/XLSX

AI-assisted development: Codex, Claude Code - project structure planning, DRY, mobile-first and pixel-perfect methodology, reviewing changes, verification using npm run build / npm run test, and maintaining project context in PERSONAL.md and task progress in DONE.md / TODO.md.

EDUCATION

University of Warmia and Mazury in Olsztyn - Master's studies in Computer Science, Information Systems and Computer Networks (2026); Engineering studies in Computer Science, Information Systems Engineering (2025).

ADDITIONAL

English B2 | Karate instructor and summer camp educator - 5+ years
